To whom it may concern

Re: C2 Reference.

C2 electrical have carried out various project works for aurora systems over the past ten years or so. These projects have been home and abroad for clients such as the Ministry of Defence (Gibraltar), The Honourable Society of Lincolns Inn and Camden council to mention but a few.

I have found C2 to be very professional in there approach to the task in hand, there presentation and customer focus this all backed up by the knowledge to complete projects on time and in budget.

Therefore C2 come highly recommend and Aurora will continue to employ there services.

Yours faithfully

Ray Buckwell
Project Manager
