To whom it may concern

Re: C2 Electrical Limited

Since our introduction to C2 Electrical Limited they have undertaken many projects on our behalf. Whether working alongside our own engineers or independently on sites for us we have found their work to be of a very high standard.

They are professional in all undertakings from paperwork to site clearance.

We have employed them to undertake maintenance on numerous sites throughout the London area and installations at TfL (London Underground – Waterloo & City Line), 200 Buckingham Palace Road (TfL Headquarters).

We will consider C2 Electrical Ltd for future electrical works.

Yours faithfully
